

## Model 2400 LTS Series

# Lift Truck Indicator

0 - 1,000,000 lbs Capacity

Made in the USA

The TCI Scales Model 2400 LTS provides lift truck check weighing for shipping and receiving of goods while eliminating needless, time-consuming trips to stationary scales, and helps prevent damage due to overloads. The Model 2400 LTS requires no periodic mechanical adjustment and is enclosed in a rugged housing for long life.

### Features Include:

- Easy to read LCD readout (even in bright sunlight)
- Solid state electronics
- Weatherized housing with adjustable mounting bracket
- A totalizer stores load weights for each loading cycle
- Automatic Display Free (ADF) freezes the load value
- Easy field installation and calibration
- Conforms to MIL-T-21868A
- Loads can be totalized
